

BRYAN TO VISIT SOUTH AMERICA

Secretary of State Accepts Invitation of Chileans This Fall.

MISSION IS IMPORTANT

Will Attend Fifth Pan-American Conference, Where Big Negotiations Are Scheduled.

Secretary of State Bryan will visit the countries of South America this fall, provided the state of public business will permit.

This announcement was made last night by John Barrett, director general of the Pan-American Union, and followed the extension to and acceptance by Mr. Bryan of an invitation of the Chilean government to attend the fifth Pan-American conference which is to be held in the capital of that country next September.

Mr. Bryan probably will leave Washington about the middle of August, going through the Panama Canal and down the West Coast of South America, with stops in Peru and Bolivia, and thence to Santiago de Chile. The conference will probably continue for nearly a month, and Mr. Bryan will visit at its conclusion Argentina, Uruguay, Paraguay, and Brazil. He will be back in Washington about the time of the convening of Congress on December 1.

The invitation to Mr. Bryan was extended through Eduardo Suarez, Minister of Chile, at the meeting of the Pan-American Union directorate, of which the Secretary of State is ex-officio presiding officer. After consultation with President Wilson, Secretary Bryan accepted. He said that since his last trip abroad, when he experienced a shipwreck, he had practically made up his mind never to undertake another extended journey by sea, but that he considered the conference of such importance, and so anxious again to visit the countries of South America, that he would make an exception.

Visit Is Welcome. Mr. Bryan will be the third Secretary of State to visit officially the countries of Latin-America while holding that office. Mr. Root made a memorable tour of South America in 1906, the lasting and beneficial results of which are still apparent in the attitude of the peoples of those countries. Mr. Knox two years ago made a tour of the countries of the Caribbean, Venezuela being the only South American country visited by him. Mr. Bryan's tour to South America will be welcomed by the governments and people of those countries. His appointment as Secretary of State was regarded by them as a realization of all that they had hoped for from the Democratic administration. Mr. Bryan is known personally by a very large number of the public men of South America, and probably more than any other American with the exception of Theodore Roosevelt, he commands their attention.

The forthcoming Pan-American conference is generally regarded as likely to prove an epoch-making occasion in the annals of Pan-Americanism. It will, of course, be the first meeting of the American republics since the opening of the Panama Canal, and the changes effected by that waterway undoubtedly will occupy a large share of the attention of the conference. While it is true that the chief effort of the larger American powers, and particularly of the United States, at these conferences is to limit the discussions to innocuous subjects, it is believed that the developments in Latin-America have been so numerous since the conference in 1899 that this year's meeting will take on more than ordinary importance and interest.

Subjects of Importance. The United States has but one vote in these gatherings, the same as that of Haiti. The result has been that often most careful maneuvering has been required of the American delegates at the conferences in order to effect possible combinations of enough of the smaller countries to outvote the United States. This task will undoubtedly fall upon Secretary Bryan.

Horrid Pimples Kill Dimples

But Stuart's Calcium Wafers Will Remove the Unsightly Blemishes in So Short a Time as to Seem Almost Impossible of Belief.

The crowning beauty of a woman is her skin. She may have only ordinary features or even a coarse, heavy contour of face, but if she is the possessor of a fine, colorful skin, showing vigorous health and a pure blood, she will grow attractive to every eye.

The Girl: "Betty has a pretty face and cute dimples, but the pimples are horrid."

The Man: "Stuart's Calcium Wafers would remove them in a jiffy."

The great trouble with the majority of women is that they try to remove pimples by outside treatment, such as greases, massage, cosmetics, electricity, etc. These methods will not cure nor even temporarily remove pimples and facial disorders.

The difficulty is generally impure blood. The blood is a stream of waste matter filled with poisons. Its color is black or brownish cast, instead of ruby red as it should be.

Stuart's Calcium Wafers go into the stomach with the food you eat. They become a part of the blood and they go wherever the blood goes. You can thus see that these pleasant little wafers filled with cleansing power seek out the very impurities in the blood and quickly remove them from your system.

They open the pores and the tiny canals leading to the pores. This act at once permits the blood to cast off its load of dead matter and in doing so there is no stagnation and consequently no discoloring of the skin.

The best color always comes in youth, of course, but all the cosmetics in the world will not bring back the color if your blood is diseased or filled with impurities which it cannot remove or throw off.

Go to your druggist wherever he may be and he will give you a box of Stuart's Calcium Wafers, price 50c.

DR. WILEY'S SECOND BABY BOY IN ARMS OF PROUD FATHER

DR. HARVEY W. WILEY

Former chief chemist of the Department of Agriculture, photographed with his second son, born last week. The baby is brought up like his two-year-old brother, Harvey W. Jr., along strictly pure food lines, under the watchful eye of their noted father, the foremost exponent of pure food in this country.

Dr. Wiley is sixty-nine years of age, but declared to a friend that the birth of each boy seemed to lift many years from his shoulders.

Secretary Bryan, if he heads the American delegation at the conference. The subjects set down in the formal program for the conference adopted some time ago include the following: The resolutions of the Fourth Pan-American Congress which met at Rio de Janeiro for the codification of American international law; definite organization of the Pan-American Union by a general treaty; solemnization of the opening of the Panama Canal; measures for the prevention of disease propagation; resolutions of the International Sanitary Conference of the American Republics; co-operation of the governments in the construction of the Pan-American Railway; interchange of university professors and students; adoption of measures for the suppression of anarchy, and the declaration as a principle that aliens do not enjoy civil rights than those guaranteed by the constitution and laws of country to the citizens thereof.

This last number on the program is a principle acceptance of which the weaker Latin-American countries have for many years tried to force upon the United States. Its inclusion in the program was assented to by Mr. Bryan without consultation with Mr. Moore, who has attended many conferences in Latin America, and caused great surprise here.

SOUL LEFT HER BODY, SOARED, AND RETURNED

Los Angeles Woman Tells of Strange Experience When Family Thought Her Dead.

TALKED WITH LATE FATHER

Los Angeles, March 4.—Mrs. Baker P. Lee, whose family for a time during a recent illness believed her dead, is convinced that her spirit left her body and returned. She is a religious and accomplished woman, wife of the rector of Christ Church here.

Her recital will be transmitted to Sir Oliver Lodge, president of the British Society for Psychical Research. "I had been unconscious most of the time," said Mrs. Lee today. "My periods of lucidity were few and brief. Just before the experience which befell me, as my nurse afterwards told me, my heart seemed to stop beating. "The nurse suddenly started and cried, 'Why, she's gone!'"

"She called my husband. I saw my husband come in. He looked at me and exclaimed, 'My God, has it come?' I tried to open my eyes, but I could not. I said to myself, 'I'm not dead, but I was powerless to move.'"

"Then the four children were brought in, weeping. Presently they all went out. "Then my father stepped into the room. He was alone in an instant, leaving out, a joyous, light, and exhilarating release of the very essence of life into space."

"My form remained the same, but the substance had utterly changed. It was now a translucent vapor, capable, at my will, of going immediately to any place. I possessed all my faculties, imagination, will, and memory. After experiencing unimaginable joys I went back into my body."

In South America foreign capital has increased and fore n banking has de-

TANGO IS VIGOROUSLY DANCED IN COURT BY "COPS" WEIGHING 400

Policemen, Clasp Each Other and "Dipping," Try to Prove Couple Acted Immodestly.

Lowell, Mass., March 4.—Two Lowell policemen, with a net weight of 400 pounds, danced the tango in court today when Frank Hennessey and Angelica Macotte were brought to trial on a charge of improper dancing. It was the first "tango trial" ever seen in the United States.

A little space was cleared before the judge's bench, and the officers clasped each other closely and began to dance. There was not much footwork in the exhibition, but the dance became more lively. The two officers clasped each other closely and their knees became entangled. They "dipped" vividly. It looked to casual observers as though they were trying to sit on each other's knees. Then there arose such a chorus of mirth that the officers fell apart, flushed and panting, and Judge Enright commanded order.

"That's what I mean by improper," gasped Policeman Clark. The case went over.

PRESIDENT'S FIRST YEAR A MOST FRUITFUL ONE

Mr. Wilson Praised Highly by Leading Washingtonians on First Anniversary.

"DID ALL HE SET OUT TO DO"

President Wilson's achievements in the first year of his administration were commented on yesterday by Washington business and professional men.

Col. Robert N. Harper, president of the District National Bank, said: "The country is to be congratulated, and the Democratic party should be proud that the administration has in its first year carried out so many of its promises and without creating any friction in the President's official family or between the two Houses of Congress."

"This is the more remarkable when it is considered that among the measures put through were the tariff and currency, the most important of all. The country also is to be congratulated on the way the President has handled the Mexican situation."

Isaac Gans said: "The President certainly has accomplished more in one year than any of his predecessors; in fact, he has done all that he set out to do."

Former Commissioner Cuno H. Rudolph said: "The nation and the Democratic party have cause to rejoice at the fruits of President Wilson's first year in the White House. It has been a big year for national legislation, as well as in its influence upon international relations."

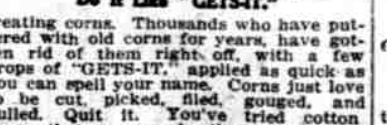

Corns Go, Sure Pop, if You Use "Gets-It"

Simple as A B C. It's the New Way of Curing Corns and Callouses.

If you have corns now, the chances are you have never used "GETS-IT," the biggest seller among corn cures ever known. It is the new way, does away with all trouble, pain, and fussing in treating corns. Thousands who have puttered with old corn cures for years, have gotten rid of them right off, with a few drops of "GETS-IT," applied as quick as you can spell your name. Corns just love to be cut, picked, filed, gouged, and pulled. Quit it. You've tried cotton rings, hot caustic, shooting over the fire, greasy salves that spread over the toe and make it raw, and tape that sticks to the stockings—now try "GETS-IT." It has none of the drawbacks of the old style corn cures, causes pain and never falls off, or corn or callous, and never "GETS-IT" is sold by all druggists, a bottle, or sent direct, by E. Lawrence & Co., Chicago.

"GETS-IT" is sold in Washington by O'Donnell's Drug Stores, People's Drug Stores, P. G. Affleck.

Get the Corns Off Your Feet, and the Corns Winkles Off Your Face. Nothing Can Do It Like "GETS-IT."

Get the Corns Off Your Feet, and the Corns Winkles Off Your Face. Nothing Can Do It Like "GETS-IT."

MILIONAIRE IN LIFE RACE. C. W. Post Speeding to Minnesota Sanatorium for Operation.

Williams, Ariz., March 4.—C. W. Post, the millionaire health food manufacturer, of Battle Creek, Mich., arrived here this afternoon on his special train, which is racing to Rochester, Minn., where Mr. Post is to undergo an operation for appendicitis.

The attendants stated that Mr. Post was resting easily and had spent a comparatively quiet night.

It's Mild—That's Why

"Why" countless thousands find complete satisfaction in every sip of

Pabst

Red White AND Blue Beer

an absolutely pure and deliciously good beverage with a soft, mellow, palate-pleasing tang. A beer with just enough of that exquisite hop flavor to give it zest and with a rich creamy malt taste that satisfies.

Try just one bottle of Pabst Red White and Blue Beer on our "sayso." The second bottle will sell itself, for you will be delighted with the wealth of goodness and pleasure each satisfying-sip reveals.

CHARGES AGAINST KOEHLER FALL FLAT

Prosecution Closes Without Bringing Damaging Evidence at Trial of Army Officer.

HIS REPUTATION IS UPHELD

Fort Terry, Conn., March 4.—The prosecution in the secret court martial of Maj. Benjamin M. Koehler, which closed today, produced nothing to warrant a verdict of guilty to the charges lodged against him. Unless other witnesses are held in rebuttal it is a foregone conclusion that Maj. Koehler either will be acquitted or else found guilty merely of actions unbecoming an officer and a gentleman. No witness has testified that he saw or was a party to the crimes mentioned in the accusations.

Today was the first time newspapermen have been allowed on Plum Island, where Fort Terry is situated.

When the government boat with the newspaper men docked at the Fort Terry pier, Capt. Hudson D. Patten, temporary commander, met them with a conveyance and offered all the privileges of the post that they desired. He was unable, he announced, to allow them access to the two martial, for that was under the jurisdiction of Col. Henry Kirby and other officers of the board.

Maj. Moses was Koehler's star witness when the defense opened. He testified that he had known Maj. Koehler for twenty years, having been his classmate at West Point. During this entire time, he swore, he never heard the least rumor regarding his immoral conduct.

Another witness who testified in favor of the accused was Lieut. Thomas O. Humphreys, of Fortress Monroe. Five other officers and several enlisted men will give testimony similar to that of the two officers.

Maj. Koehler may possibly take the stand before the defense rests. Today he wired his brother, Representative Koehler, at Washington, for advice on the point and was told to leave it entirely in the hands of his counsel.

A SURE WAY TO END DANDRUFF

Stop Falling Hair and Itching Scalp—At Once.

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need) apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve, and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky, and soft, and look and feel a hundred times better.

If you value your hair, you should get rid of dandruff at once, for nothing destroys the hair so quickly. It not only starves the hair and makes it fall out, but it makes it stringy, straggly, dull, dry, brittle, and lifeless, and everybody notices it.

AIR SQUADRON FOR JAPS.

Millionaires Give \$300,000 for Purchase of Aeroplanes for War.

New York, March 4.—Three Japanese millionaires have given \$300,000 for the formation of an aviation squadron, according to a letter received by Henry Woodhouse at the Aero Club of America from Jacques Moriane, editor of Vie Au Grand Air.

This fund will be augmented from time to time. The machines are being supplied by Morane Saulnier & Co. of France, the chief of which company has already left for Japan to confer with the founders. It is understood the squadron will be at the disposal of the Japanese government in the event of war.

SHE'S ON AGAIN, FINNIGAN.

French Cruiser, Recently Grounded and Rebuilt, Is Aground.

Toulon, March 4.—The French cruiser Waldeck Rousseau, which went aground in the harbor here two weeks ago and was later refloated, struck again today. Her bottom was damaged and the vessel is leaking badly.

Judge Candidate for Toza.

Spokane, Wash., March 4.—Judge George Turner made formal announcement today of his candidacy for United States Senator at the primaries next September.

WINE GROWERS PLAN \$150,000,000 COMBINE

Resolution at Meeting Deplores Recent "Washing of Dirty Linen in Public."

New York, March 4.—The American Wine Growers' Association in session here today took steps toward the formation of a \$150,000,000 combination of wine producers. This action was taken after a resolution had been presented by Paul Garrett, of Norfolk, Va. The resolution calls for the appointment of a board of five to regulate prices, settle differences between growers, obtain advantageous

BOARD OF FIVE TO FIX PRICES

legislation and oppose unfavorable measures. Mr. Garrett characterized the recent controversy between the wine growers, when a number of them appeared before the Secretary of Agriculture at Washington, as a "disgraceful exhibition."

"It is about time we had an arbitration board so we can wash our dirty linen in the back yard," said Mr. Garrett. "Then we can mop it out in the front yard, where the public can see every thing. It is better to be regulated by men who understand the business than by men who do not. There is imminent danger of a flat tax on all wines if the producers do not get together."

New Mayor Saves Hub Money.

Boston, March 4.—Mayor Curley plans to save the city \$75,000 a year by having its bills paid promptly. He has instructed all department heads to return bills for supplies to the auditor's office within seven days, thus obtaining the usual 2 per cent discount for payments made within ten days.
